Methodology iCAT® Course

This Introduction course offers essential information how to use Art Tools in therapy sessions with a wide range of clients and situations.

After each weekend, the student will receive by email a module with the theory content to be read before each workshop.

The content will be put into practice at the experiential workshop.

Note: To receive the final Certificate you must complete all three weekends. If anytime, for unplanned reasons, you are not able to attend a weekend or supervision session, then it is possible to make up the weekend or supervision session at the next course.
